ANCIENT
HOUSE CHINA

One thousand years in a blink,
dream back to the great dynasties.

Brief Introduction

Tips of Glue(The picture is only for reference.)

- 1.Liquid glue is used to glue large wood parts and other materials.
- 2.Do not use too much glue in case of longer time to dry.
It may also affect the outward appearance of completed products.

Liquid Glue

Tips of Assembling

1. Small parts are included. Children must assemble under the guidance of adults in case of swallowing by mistake.
2. Put the remains back to original bags after taking enough dosage in each step till completed.
(In case of missing materials.)
3. All the dimension in the instruction is shown in millimeter (mm).
4. Find the part you need according to material list and the 1:1 part illustration paper.(Only for wood parts.)
Check its number and size carefully before assembling. See Part Number Explanation at the end of this page.
